Bacon County Parents/Guardians,

Thank you for your continued flexibility and patience with Bacon County Schools throughout these unprecedented times. Parents, students, and staff have done an excellent job of following procedures and protocols to ensure the safety of our children. This is a reminder that we will utilize Distance Learning Days next Wednesday through Friday.

Bacon County School District leaders have made the decision to take a proactive approach to ensure our safety measures continue to work effectively. We will utilize next week as Distance Learning Days. We respectfully request that all teachers, staff, and students use this time to quarantine as much as is feasibly possible in order for this plan to have positive outcomes and help us combat the spread. The decision was made in order to allow for the following:

- A. Deep, preventative cleanings at each school
- B. Prevention strategy to slow the spread of COVID-19

What does this mean?

- **Fall Break Holiday - October 12th and 13th** are scheduled student holidays. With this plan, students and staff will remain home **October 14th-16th** and schools will operate in distance learning mode. See dates in **blue** below. Students will return to school on **October 19th**.

During the Distance Learning Days listed above, students will participate in online learning. Students who do not have access to the internet will be given work packets to complete for the three days.

We ask for continued flexibility and patience as we make decisions to keep the safety of our students and staff at the forefront. We are working to be proactive and our intention in implementing the Distance Learning Days is to help us stay in school the remainder of the year. Thank you for your support. Together, we will make it through this year and this pandemic.

Sincerely,

Judy Rowland
